

his **provision** is intended to mandate **persons** other than **listed companies** and **market intermediaries** that are required to handle unpublished price sensitive information to formulate a **code of conduct** governing trading in **securities** by their **employees**. These entities include **professional firms** such as **auditors**, **accountancy firms**, **law firms**, **analysts**, **consultants** etc., assisting or advising **listed companies**, **market intermediaries** and other **capital market participants**. Even **entities** that normally operate outside the **capital market** may handle unpublished price sensitive information. This **provision** would mandate all of them to formulate a **code of conduct**.
